Marrakesh-Safi Region, Morocco.

SUMMARY

I am a computer engineering student at ENSA Marrakech, passionate about programming and solving real-world problems. I'm particularly interested in Java, Spring Boot, and Java SE, and eager to explore DevOps to expand my skills. I am seeking a final year project internship (PFE) to apply my knowledge, contribute to real projects, and grow professionally.

PROFESSIONAL EXPERIENCES

INTERNSHIP AT AB MAROC – MARRAKECH

June 24 – August 31, 2025.

Worked as one of three interns developing a custom ERP for AB MAROC, a linen rental and laundry service for hotels. The system manages clients, suppliers, employees, and products to improve operations.

Contributed to backend and frontend development with Spring Boot, Angular, and PostgreSQL. Deployment on the company's local server is planned.

PROJECTS

E-Banking 2.0 Application Project

May 2025 – June 2025.

- I collaborated with a team to successfully complete this project.
- Technical environment: Spring, Angular, PostgreSQL, MongoDB, Docker, StripeGPT, UML.
- See on GitHub: [link](#).

ERP Web Application for a Construction Materials

Avril 2025 – Juin 2025.

- Collaborated with a team to successfully complete the project.
- Developed a cost-efficient e-commerce platform for wholesalers, optimizing resources.
- Technical environment: Spring Boot, Angular, PayPal, MySQL, UML.
- See on GitHub: [link](#).

Laboratory Information System (LIS) Project

October 2024 – December 2024.

- I collaborated with a team to successfully complete this project.
- Technical environment: Java, JavaFX, CSS, MySQL, Stripe, UML.
- See on GitHub: [link](#).

EDUCATION

Studies at the National School of Applied Sciences of Marrakech

2021–Present.

- Engineering Cycle in Computer Engineering | 2023 – Present.
- Preparatory Cycle in Engineering Fundamentals | 2021 – 2023.

El Kawarezmi High School, Majjat, Chichaoua Province

2018 – 2021.

- Baccalaureate in Physical Sciences and Chemistry with Honors (Very Good) | 2021.

CERTIFICATIONS

Badge Oracle Java Foundations.

- Oracle MyLearn Platform, Java Beginner ([View Badge](#)) | 10 avril 2025.
- Oracle MyLearn Platform, Introduction to Oracle Cloud Essentials ([View Badge](#)) | 10 avril 2025.
- Currently enrolled Oracle MyLearn Platform Comprehensive Java SE 21 Development .

ADDITIONAL INFORMATION

TECHNICAL SKILLS:

- C/C++, SQL, PHP, Java, Spring Boot, Java SE.
- Angular, React.
- Git, GitHub, Docker, UNIX/Linux.
- MySQL, MongoDB, PostgreSQL.
- Linux, Windows.

LANGUAGES:

- Tamazight
- Arabic (Fluent)
- French (Fluent)
- English

SOFT SKILLS:

- Leadership
- Team Collaboration
- Time Management
- Effective Communication
